

THESSALONIKI TRAUMA COURSE**JUNE 16-18, 2022****PROGRAM****Thursday, June 16**

08:00-08:15	Registration
08:15-08:35	Opening and Welcome
	Session: Basic Concepts
08:35-08:50	Why fractures in children differ from those in adults? Omeroglu
08:50-09:05	Classification of fractures in children Melas
09:05-09:20	General principles of fracture treatment in children, including physal fractures and their sequelae Anastasopoulos
09:20-09:35	Plaster techniques Omeroglu
	FIN Principles* Canavese <i>*Lecture will be delivered during each workshop rotation</i>
09:35-09:50	Fractures in weak bone/pathologicfractures Ziebarth
09:50-10:10	Discussion
10:10-11:10	WORKSHOP (1) Rotation system
10:10-10:30	Coffee Break
	Session: Shoulder and Arm
10:30-10:40	Clavicle fractures/dislocations Omeroglu
10:40-10:55	Humerus proximal fractures Metaxiotis
10:55-11:10	Humerus shaft fractures and fractures of the distal diap-metaph. junction Andreacchio
11:10-11:25	Discussion
11:25-12:00	“Interactive Case Discussion”
12:00-12:30	Lunch Break

	Session: Elbow-1
12:30-12:45	Humerus supracondylar fractures; etiology, classification, assessment, treatment principles(including best pin configuration) Omeroglu
12:45-13:00	Supracondylar fracture: adequacy of treatment or bone remodeling that will constitute the final clinical outcome? Sanpera
13:00-13:15	Humerus supracondylar fractures; Management of short-term and long-term complications Konstantoulakis
13:15-13:30	Discussion
	Session: Elbow-2
13:30-13:45	Humerus lateral condyle, distal physeal and T-condylar fractures Tzatzairis
13:45-14:00	Humeroulnar dislocations, medial epicondyle fractures, nurse maid's elbow Andreacchio
14:00-14:15	Radial head/neck and olecranon fractures Canavese
14:15-14:30	Rare elbow injuries: capitellum, coronoid process, throchlea Andreacchio
14:30-14:45	Discussion
14:45-15:45	WORKSHOP (2) Rotation system
15:45-16:45	Coffee break
16:45-17:30	“Interactive Case Discussion”
Friday, 17 June	
	Session: Forearm, Wrist and Hand
08:30-08:45	Radius and ulna shaft fractures Sanpera
08:45-09:00	Acute Monteggia fracture-dislocation Anastasopoulos
09:00-09:15	Neglected Monteggia fracture Andreacchio
09:15-09:30	Radius and ulna distal fractures Sanpera
09:30-09:45	Hand fractures

	Papamerkouriou
09:45-10:00	Master technique of FIN in forearm shaft fractures (on-line) Lascombes
10:00-10:20	Discussion
10:20-11:20	WORKSHOP (3)Rotation System
11:20-11:50	Coffee Break
	Session: Femur
11:50-12:05	Femur proximal fractures Omeroglu
12:05-12:20	Femur shaft fractures: from casting to rigid IM nailing Andreacchio
12:20-12:35	Femur distal fractures, including physeal injuries (and sequelae) Ziebarth
	Acute and chronic SCFE* Ziebarth <i>*Lecture will be delivered during each workshop rotation</i>
12:35-12:50	Discussion
12:50-13:45	“Interactive Case Discussion”
13:45-14:15	Lunch break
	Session: Leg, Ankle and Foot
14:15-14:25	Patella fractures Tzatzairis
14:25-14:40	Proximal tibia fractures Anastasopoulos
14:40-14:55	Tibia shaft fractures Dimitriou
14:55-15:10	Physeal injuries and fractures around the ankle Canavese
15:10-15:25	Foot fractures Topalis
15:25-15:40	Chopart and Lisfranc injuries Andreacchio
15:40-15:55	Discussion
15:55-16:25	Coffee break
16:25-17:10	“Interactive Case Discussion”

Saturday, 18 June	
	Session: High energy injuries
08:30-08:45	Pelvis fractures Ziebarth
08:45-09:00	Thoraco-lumbar fractures and SCIWORA Sanpera
09:00-09:15	Open fractures Konstantoulakis
09:15-09:30	Discussion
09:30-11:00	Case Presentations by the Participants All Faculty
11:30-12:00	Coffee break (including course Picture)
	Session: Sports Injuries in Children
12:00-12:15	Epidemiology and prevention of sports injuries in children Melas
12:15-12:30	Meniscal injuries and discoid lateral meniscus Nicolaou
12:30-12:45	Ligamentous injuries of the knee Nicolaou
12:45-13:00	The use of Nanoscope in children and adolescents Sakellariou
13:00-13:15	Osteochondritis dissecans Sanpera
13:15-13:30	Patellofemoral instabilities Nicolaou
13:30-13:45	Discussion
13:45-14:00	Adjourn
